Reminder: You are welcome to celebrate the 100th birthday of Finland!

Finland turns 100 years this year, and Helsinki Design Week, together with the Ambassador of Finland in Rome, Mr Janne Taalas, invites you to an exclusive and relaxed birthday party at the Milan Triennale.

Come to raise a glass to the hundred-year-old Finland and to meet the top names of design.

This birthday party is also a unique opportunity to meet the founders of World Design Weeks, a new network for design festivals from all around the globe.

The reception is part of the Finland 100 official programme.
