Dear Mayor Park,

"The 1st Jakarta Sister City Badminton Tournament" was completely successful in Jakarta last year with more than 8 (eight) teams from the major cities of Indonesia and the Jakarta's sister cities among others Beijing, Seoul and Bangkok who had taken the great part in the first tournament. I do believe through the challenging tournament among participants could establish the closer relations and had the best experiences of Jakarta's beauty and cultural heritages at the friendship atmosphere.

In the contrast with the subsequent exchange of the junior badminton athletes' competition experiences and inspiring the athletes with the qualified performance of playing badminton from friendship cities of Jakarta and countries of Indonesia's bilateral relations, I am very delighted to inform you that Jakarta will organize "**the 2nd Jakarta Sister City Badminton Tournament**" from 23 through 28 July 2019 at the Soemantri Brodjonegoro Sports Hall, South Jakarta.

The tournament mainly serves each team with comprising 4 (four) female and 4 (four) male players, a coach and an official. All the players are highly recommended, they must be born in the year of 2003 (under 17 years old). The Jakarta Capital City Government will be pleased to provide the team with accommodation, local transport and meals, meanwhile for the international tickets and visa of the team would be born by the sending cities/countries.
