

**Season's greeting
from Seoul Design Foundation!**

We would like to express our gratitude to your heartfelt supports and contributions to the Seoul Design Foundation and its projects in 2016.

In the upcoming year, besides operating DDP and various design projects, we are planning to open the 'Seoul Upcycling Plaza' and we sincerely look forward to strengthening our partnership.

May the coming year be bursting with meaningful results in everything you do and best wishes for the holidays.

Keun Lee, CEO
Seoul Design Foundation
